## New Reality Show Targeting Invasive Species

There is a new Reality Show that airs at 6:30 on Sundays on the Pursuit Network. *Silent Invaders* is a 13 week show highlighting Asian Carp, Zebra Mussels and even the Round Goby. These species are one of the greatest treats to fishing, hunting and conservation in the Great Lakes Region and North America. Silent Invaders is unlike traditional invasive species awareness programs by showing real time treats in a way common outdoor people understand. To learn more about invasive species and how you can help, visit [www.WildlifeForever.org](http://www.WildlifeForever.org).
